## Tutoring Experience

With 14 years of experience, I've worked extensively with GCSE and A-Level Maths students, helping them understand core principles and apply them effectively. My time as a tutor has allowed me to develop lessons suited to each curriculum, ensuring students progress confidently in their studies. I adapt my teaching to meet various exam boards, including AQA, Edexcel, and OCR.

Having also served as an examiner, I know exactly what is required for students to achieve high marks. My experience has enabled me to support students of varying abilities, from those needing foundational support to those preparing for top-tier exams.
