🎓 **Experienced Tutor | University of Michigan | MPhil in Mathematics**

My background includes an MPhil in Mathematics from the University of Michigan and a BSc in Applied Mathematics from UCLA. With 18 years of experience, I guide GCSE and A-Level Maths students across IGCSE and AP curriculums to academic success.

Teaches: GCSE Maths IGCSE Maths A-Level Maths AP Calculus

Curriculum: GCSE IGCSE A-Level AP

Qualifications

University of Michigan: MPhil in Mathematics (2003-2005)

UCLA: BSc in Applied Mathematics (1999-2003)

Vetted Tutor

Personally Interviewed

Our tutors go through a rigorous selection process, having been interviewed to assess their teaching skills and subject knowledge. **They have extensive tutoring experience with a track record of success**, helping students achieve their academic goals.

Tutoring Experience

With 18 years of experience, I've helped students excel in GCSE and A-Level Maths, guiding them through the intricacies of algebra, calculus, and geometry. My work has spanned both in-person and online settings, and I have successfully adapted my lessons for various curriculums. Many of my students have gone on to pursue higher education in maths-related fields.

Over the years, I've taught students from diverse backgrounds, including those preparing for IGCSE and AP exams. My focus has been on building a strong mathematical foundation, allowing students to tackle complex problems with confidence. Working with students individually, I have tailored each lesson to meet their unique needs, leading to consistent improvements.

Throughout my career, I have also assisted students with special learning requirements, including those with ADHD and dyslexia. By providing a supportive and structured environment, I've enabled students to excel academically, surpassing their initial goals.
