 **Experienced Tutor | University of Bologna | PhD in Physics**

With a PhD in Physics from the University of Bologna and a BSc in Applied Physics from Sapienza University of Rome, I bring 10 years of experience teaching GCSE Physics and Maths, alongside IB and A-Level Physics, helping students globally excel in science subjects.

**Teaches:** [GCSE Physics](#) [IGCSE Physics](#) [IB Physics](#) [A-Level Physics](#)

**Curriculum:** [GCSE](#) [IGCSE](#) [IB](#) [A-Level](#)

## Qualifications

**University of Bologna:** PhD in Physics (2013–2017)

**Sapienza University of Rome:** BSc in Applied Physics (2009–2013)

## Vetted Tutor

## Personally Interviewed

Our tutors go through a rigorous selection process, having been interviewed to assess their teaching skills and subject knowledge. **They have extensive tutoring experience with a track record of success**, helping students achieve their academic goals.

## Tutoring Experience

Over the past decade, I have tutored GCSE and IGCSE students, focusing on topics such as mechanics, waves, and energy systems. My experience includes assisting students in mastering A-Level Physics and IB Physics, guiding them through complex areas like thermodynamics and electromagnetism.

I've also worked extensively with students preparing for university-level science courses, helping them develop strong problem-solving skills. My sessions are tailored to individual student needs and have consistently helped learners achieve top grades.

Beyond one-on-one tutoring, I have collaborated with international schools in Italy and Europe, delivering workshops and mentoring students in academic projects. My dedication to science education has enabled students to thrive in both academic and practical settings.
